Question #1 – How do we gauge how much we can ask for in each county?

- Please review the chart on page 10 of the RFP

Question #2 – Is the money that is to be used for training part of the awarded amount?

- The awarded amount will be for those items listed on page 19 of the RFP. Money spent on participant training, support and incentives will not be part of the awarded contract amount. That money will be part of the Payment Authorization System (PAS) which is housed at the FVWDB office. Career Planners will submit PAS vouchers to the FVWDB for these items.
